

To Every American Visitor to Valley Forge

Visitors to the Washington Memorial Chapel have named it "The American Westminster," "The National Shrine," "A Shrine for the Ages." It is all this and more, as you must feel after seeing it. Patriotic Americans have given over \$340,000 for its erection. \$200,000 are needed for its perpetual endowment. Until that sum is secured we must appeal to our visitors for

(a) Money for the Endowment Fund.

(b) Money for Maintenance.

It costs nearly \$12,000 to maintain it for the American people. We should spend \$15,000 a year on this work. We appeal to you for help. Do not leave without making a contribution to one of the funds. Remember the most beautiful chapel of the world is kept open every day for you and courteous guides are employed to make your visit both pleasureable and profitable.
